Turnpike construction starts soon at Hazard

Construction work will get under way in the near future at Hazard on a section of the Eastern Kentucky Turnpike, Lt. Gov. Wilson Wyatt announced today.

Wyatt said a formal hearing will be held in Hazard March 3 on the proposed routing of a three-mile stretch of the road, extending from Hazard to Ky. 80 at Combs.

Wyatt explained that the hearing is a formality, designed to give interested citizens and landowners a chance to air their views concerning the proposed routing of the road. Once the hearing is out of the way, he said, the project will be advertised for bids by road contractors.

This will be the first section of the road to be built east of

Campton, where the new four-lane toll road, running from Campton to Winchester, ends. The overall plan calls for construction of a two-lane freeway from Whitesburg to Campton and from Pikeville to Campton.

Wyatt's announcement was made at Hazard, where numerous state and federal officials had gathered to consider that city's need for extensive state and federal help in several fields.

Hazard is seeking federal assistance to rebuild a large area of its downtown business section, and wants a new civic center embracing a new courthouse, new recreational facilities and new space for business.

Wyatt told the audience, which included several persons from

Whitesburg, that the state hopes to make other starts on the new turnpike at all major towns along the route in the not too distant future, presumably including work at the Whitesburg end.

Wyatt made one other announcement that could eventually affect Letcher County communities. He said that under existing state laws, state assistance may be given to local communities in purchasing and setting up industrial parks designed to attract new industry. But at present state funds can't be used on sites of less than 50 acres.

The lieutenant governor said he had discussed the matter with Sen. Archie Craft and that Craft had told him he would introduce

a bill in the current legislative session to do away with the 50-acre restriction insofar as Eastern Kentucky is concerned and permit smaller industrial sites in keeping with the terrain and space available in this area.

An afternoon meeting at Hazard High School, scheduled to give state and federal officials an opportunity to report publicly on any solutions they might have for Hazard's problems, failed to produce any such pronouncements.

The Whitesburg delegation to the meeting included Mayor Ferdinand Moore, Chamber of Commerce President Cosie Quillen, Municipal Housing Commission Chairman Fred Coffey, Planning and Zoning Commission

members Paul Vermillion, Dee Dawahare and Tom Gish and City Parks Board members Hoover Dawahare and Paul Kirkland.

The Whitesburg representatives were able to talk for a few minutes with Walter Keyes, Atlanta, chief of the Federal Housing and Home Finance Administration, which includes housing and urban renewal projects—in the southeastern section of the United States.

Keyes indicated some interest in Whitesburg's desire for federal planning assistance to develop local recreational, playground and tourist facilities and said that he would see that someone from his office came to Whitesburg to discuss the project in some detail.

Funeral rites Sunday for Dr. Owen Pigman

Dr. Owen Pigman, who practiced medicine in Letcher County for more than 40 years, died early Thursday at Good Samaritan Hospital, Lexington, where he had undergone surgery.

Dr. Pigman had celebrated his 85th birthday Monday. In 1957 he was honored as the Kentucky State Medical Association's "General Practitioner of the Year" in tribute for his longtime service to the coal mining area. He had retired from active practice the year before.

Dr. Pigman was a native of Letcher County, although the place where he was born is now a part of Knott County. (Knott County was created in 1914 from part of Letcher County.) His parents were James Madison and Nancy Branham Pigman.

He was a graduate of the old medical department of the University of Kentucky, now the University of Louisville Medical School. An unusual feature of his career is that he did not attend high school or college but went directly from the eighth grade into medical school. He commented that in those days an eighth grade education was far superior to that of the present day and included many specialized courses such as foreign languages. Between the time he finished the eighth grade and the time he entered medical school, he taught school for a while.

He began medical practice in Knott County in 1907. In 1914 he came to Letcher County and served as a contract physician for coal companies. Among the companies whose employees he served were South East Coal Co., Elkhorn Coal Corp., Elkhorn Collieries, Consolidation Coal Co. and others. About 1950, he entered private practice with his son, Dr. Carl Pigman, in Whitesburg.

During his medical career, Dr. Pigman delivered nearly 3,000 babies, many of whom still live in Letcher County.

During the early years of his career, he rode on horseback and by buggy to take care of the sick in the two-county area, traveling great distances up creeks and hollows and across mountains where there were no roads. It was not until 1923 that he was able to switch to automobile to make calls.

Dr. Pigman was a former president of both the Letcher and Knott County medical societies. He was a member of the Methodist Church.

He was married to the former Percie Jones of Knott County, who survives him.

Other survivors besides his wife and son are two sisters, Mrs. Flora Marquis, Montana, and Mrs. Ida Sutton, Hindman.

Funeral services will be conducted at the Methodist Church in Whitesburg by the Rev. Charles Tanner of Cumberland and the Rev. Welby Patten at 2 p. m. Sunday. Burial will be in the Jones cemetery at Hindman.

The body is at the residence on Madison Street.

DR. OWEN PIGMAN

Three men added to new bank board

Directors of the First Security Bank appointed three new members to their group at a meeting Wednesday night.

The new directors are J. S. Holbrook, Millstone; Stephen Caudill, Whitesburg, and Billy Joe Collier, Eolia. They join County Judge James M. Caudill, Dee Dawahare, Loren Bentley and Dr. E. G. Skaggs, Paintsville, on the board. Stockholders of the new bank will meet in June for the annual election of officers and directors.

The bank, which opened today, will hold an open house Saturday afternoon.

Jackets win two

By JERRY TOLLIVER

Whitesburg beat a very good Letcher team Tuesday night by 58-51 with help coming from J. D. Jones, who has been sick. Jones collected 18 points, all baskets.

Letcher led Whitesburg all through the game until midway of the third quarter when the Jackets got hot and reeled off 10 straight points without allowing Letcher to score.

The score at the end of the first quarter was Letcher 12, Whitesburg 10. At the half Letcher led by 32-26, and at the end of the third quarter they were still ahead 42-39. The final score was Whitesburg 58, Letcher 51.

J. D. Jones led all scorers with 18 points. Kenneth Frazier had 11, Jimmy Stamper 10, Jerry Coots 9, Kyle Raleigh and Billy Sexton each 4, and Wilgus Sturgill, 2.

For Letcher Sam Ison had 17, Eddie Amburgey 12, Hersel Riley 9, Coleman Blair 8, E. Dagnan 4, and J. B. Steeley one.

Saturday night the Yellowjackets took on a fancy Tiger team from Paintsville and came out on top by 54-53. Whitesburg took the lead at 8-7 after Paintsville had led by 7-3.

The Yellowjackets led throughout the game. At the end of the

first quarter they were ahead 17-12. At the half they led 34-32, and at the end of the third quarter they had 45 points to the Tigers' 43.

Whitesburg had to fight off a last-ditch rally by Paintsville in the closing minutes of the game.

Three players hit in double figures for the Yellowjackets, as Kyle Raleigh made 14 points, Jerry Coots 13, Wilgus Sturgill 12, Jimmy Stamper and Kenneth Frazier 6 each, Mike Adams 2 and Charles Frazier one.

Mullins was the high point man for the Tigers with 21. John Porter got 9, Maggard 8, Mike Williams 5 and Allen and Tackett 2 points each.

WHITESBURG PTA TO BUY CURTAINS FOR AUDITORIUM

The Whitesburg Parent-Teacher Association will sponsor two dinner recitals and a variety show to raise money to buy new curtains for the grade school auditorium.

Dates for the performances have not been set.

PTA members decided to undertake the project at their February meeting Tuesday.

They also decided to ask local civic groups for help in meeting the cost of the new curtains. Mrs. Stephen Combs Jr. reported that the curtains, to be of black velvet trimmed in orange, will cost \$1,105.

Neon boy, 4, killed when struck by car

Funeral services for Jeffrey Hall, four-year-old son of Mr. and Mrs. Ellis Hall of Neon, will be held at 10 a. m. Sunday at the family's home at the mouth of Barlow Branch.

The child was killed before noon Thursday when he was

struck by a car driven by Bert Banks of Whitesburg.

Witnesses said the child darted from behind some shrubbery into the path of the car.

The accident occurred near the Hall home. The body is at the residence.

Haymond FIRE DAMAGES PRESBYTERIAN CHAPEL DURING SUNDAY SCHOOL FEBRUARY 11

By WANDA RICHARDSON
 Sunday morning when Sunday School was in session at Haymond Presbyterian Chapel, the church building caught fire in a fire around the stove. The building was emptied in a matter of seconds, very calmly, with no panic. By the time the Neon Fire Department arrived the building had been emptied of all furniture. We can't ever really appreciate this wonderful fire department until a time like this. They came so fast and had the fire out in a short time. All furniture was moved into the Tolliver Town school, which the church purchased recently for a building site. Fire damage has not been estimated.

Mrs. W. B. Day, of Haymond and Bill Adams were saddened Friday to receive a telegram informing them their brother, John Adams of Spokane, Wash., had died. Funeral services were held Monday morning in Spokane and burial was there. A prayer service was held at the Day home Saturday night.

We would like to express sympathy to the family and relatives of S. E. Adams of Berea, who died of a heart attack in Berea Saturday.

Mr. and Mrs. Charles Bentley will be in Daytona Beach, Fla., this week at the car races.

Miss Gail Ladd, Lees College, was home over the week end.

Mrs. John Richardson is home improved.

Happy birthday to David Ladd, Rowene Webb, Alice Webb and Jeff Stevens.

A stroke shower in honor of Mrs. David Kincer was given Monday night at the Garden Restaurant.

Cindy Carol Wright has been out of school this week because of tonsillitis.

The Rev. Charles S. Snyder of Lothair met with Haymond Presbyterian Chapel members Monday night to discuss plans for remodeling the Tolliver Town

school property. The fire in the Haymond chapel building Sunday has caused severe changes. Mr. and Mrs. Vincent Craft, assisted funeral services for Mr. Craft's uncle, S. E. Adams, in Berea Tuesday. Also attending were Mr. and Mrs. Tom Kincer, Mr. and Mrs. Byron Kincer and Mrs. Fred Kincer.

Garnad Kincer hurt three of his fingers very badly while working on the church bus Tuesday.

Frank Gish has gone to Daytona Beach, Fla., to attend the races.

Miss Sally Collins has been elected cheerleader at Lees Junior College, Jackson.

A lot of candy pulling has been going on at the Gamard Kincers in Haymond recently. Nothing like pulling candy to develop muscles. The usual gang consists of Millie Duncil, Opal Stewart, Julia Rash, Eva Broome Alpha and Peggy Anderson, Reba and Jo. The Young Adult class of the Presbyterian church is donating the candy money to buy new song books, Rana and Marie serve as baby sitters for Millie so she can help.

Mrs. Pauline Holbrook, Mary and babies of Blackey were visiting Mrs. Maude Giley recently.

Sis Tolliver visited the Harrison Gibbons Sunday.

Quitting at the home of Mrs. Jesse Wright Monday and Tuesday were Mrs. Nannie Meade, Mrs. Cindy Cook, Mrs. Thelma Bentley, Mrs. Florde Hall, Mrs. Rose Martin, Mrs. Sarah Quillen.

LETTERS TO THE EDITOR

City purchases

To The Editor:
 Herewith is a copy of a letter to the Mayor, Mr. Moore, which I would appreciate your publishing in your next week's issue.

Dear Mr. Moore:

It has come to my attention that a resolution was introduced and passed at your last meeting on the 6th Inst. whereby you would bypass and ignore the merchants of your own city and go to a neighboring county to buy certain articles.

The surprising feature of the resolution is that it was introduced by a business man who depends to a large extent on the merchants of your community for his business.

Where is the reciprocity and what would be the saving but a few pennies in the initial cost to say nothing of the time and expense of your purchasing agent in trips to and from the point of purchases?

Yours very truly
 M. B. ELLIOTT

Thanks firemen

To The Editor:

Would you be so kind as to let us use your paper as means of expressing the gratitude of our church, the Haymond Presbyterian Chapel? Our chapel caught fire during Sunday School on Sunday morning, Feb. 11, and except for the Neon Fire Department and the men who came to assist them, our chapel would have been a complete loss.

Therefore we wish to say how deep our gratitude is for the Neon Fire Department and for the men who so willingly and unselfishly give their time and service to the fire department. It

has made us realize anew what a vital part the fire departments play in the welfare of our various communities, and we have been ashamed that we have taken their services so for granted. Such a time as last Sunday morning makes us all vow our renewed support to our fire departments and to be more conscious of how much they do mean to our welfare. Our appreciation is deep for the service given to us in saving our chapel building.

Sincerely
 MATTIE HART
 Dir. Christian Education

Faithful pet

To The Editor:

I hope that your will print this letter, and that the person who did this thoughtless deed will be punished by his own conscience.

When we returned from Sunday School today, my niece ran out to meet us, crying. She said that Tippy, our big collie dog, had been hit by a car, a speeding car, a neighbor said, going so fast he was knocked at least 12 feet in the air. We found him under our front porch, where he had managed to crawl to die.

Tippy didn't run cars even though we live beside the highway. He did cross the road several times a day, though; he would climb the path leading to the cemetery on the hill, and then he would sit beside his master's grave.

This story began in 1954. His master, Can Holbrook, died of a heart attack. At the time the family was living at Leatherwood. Several months later the widow and her family moved to Tolliver Town, bringing Tippy along. Tippy had loved his

master very deeply, and he immediately found the cemetery and his grave. Several years ago Tippy's owners found employment and moved away. Tippy moved in with us. He was a lovable pet of our children and the neighborhood, always giving you his paw to shake hands. He was getting old and a little slow, just too slow to get out of the way of a speeding car. If the car had been traveling at a normal rate of speed he could have stopped. We still miss Tippy, even though we feel that he is happy with his master now and he will no longer have to cross the road and climb the path to the cemetery.

I shudder to think that it might have been a child crossing the road and it could not have gotten out of the path of a speeding car. Slow down on these straight stretches of road and let our dogs, and children, live!

Pure Butane boils and bubbles even though beaker is filled with ice cubes. It is rapidly turning into vapor—the way boiling water turns into steam. Butane's ability to vaporize at low temperatures helps Super Shell give you quick starts in cold weather.

One of Super Shell's 9 ingredients can boil on ice. Helps your car start fast for top performance on coldest days.

EVEN in zero weather, a car in good mechanical condition should start in 3 or 4 seconds. If it doesn't, could be that your gasoline isn't vaporizing fast enough. Winter can have that effect on gasoline.

Shell scientists take care of this problem by including an ingredient called Butane in Super Shell's 9-ingredient formula. Butane can hardly wait to vaporize. It will even boil on ice and turn to vapor.

Fast vaporization, fast starts. It's that simple. And in very cold weather, Super Shell gets an extra dose of Butane.

Quick-starting Butane is only one of Super Shell's cold-weather ingredients. There are three in all. Read how the other two can help you—and your car—when winter's doing its worst.

Pentane mix—for fast warm-ups

The Pentane mix in Super Shell's winter blend helps speed the "warm-up" process inside your engine.

This means that your car can run more smoothly soon after you start. Thus, you don't waste gasoline on long, spattering warm-ups. Pentane mix works like kindling in a log fire.

It ignites easily—gets everything going faster. You enjoy top performance sooner.

"Anti-icer" fights icing stalls

The third cold-weather ingredient in Super Shell's winter blend is an anti-icer.

Its job is to fight carburetor icing. This phenomenon can lead to sudden stalls when you least expect them.

Shell's "anti-icer" ingredient works this way: it coats vital carburetor parts with a very thin chemical film. This coating discourages critical ice buildup and cuts your chances of icing stalls.

How Super Shell's other ingredients help you get top performance

Now that you know how Super Shell's three cold-weather ingredients work, take a moment to read about the other six ingredients. Then, you'll have the full story on all nine of Super Shell's ingredients and how they give top performance.

TCP* additive helps restore the power that combustion deposits can take away.

*Car-cracked gasoline is for power with a pump.

Tougher for Shell's unique gasoline additive. Contains TCP is covered by U. S. Patent 2889212.

Allylate helps control "high-speed knock."

Gum preventive helps keep carburetors clean inside.

Anti-knock mix gives extra resistance to many different kinds of knock.

Platformac is for extra mileage.

P. S. When you drive in for a tankful of Super Shell, ask your Shell dealer to check your anti-freeze. It's a small precaution that could save you a lot of trouble.

KENTUCKY TIMBERLAND OWNERS can have marketable pulpwood, fence posts or tobacco barn tie posts in 18 years as proven by these white and shortleaf pines in the Pennyrile Forest State Park which were planted as seedlings in a 1940 reforestation project. The trees left standing were selected as crop trees and will be allowed to grow for lumber. The Kentucky Division of Forestry thinned this plot after 18 years of growth and pruned the branches to provide trunks of log length when the trees are harvested. The trees cut in the thinning operation were sawn into fence posts (stacked at right). The thinnings could also be sold for pulpwood. Landowners interested in planting seedlings may obtain them from the Kentucky Division of Forestry which has 20 million available for distribution during the next two months.

MRS. CAUDILL CELEBRATES BIRTHDAY; LETCHER B TEAM WINS 18th VICTORY

By LOVELL CAUDILL

This week is happy birthday week for Mrs. Jim Caudill and she was presented a nice red radio by her son Billy Ray. She tells us she was far behind in all the happenings since her old radio had been out so long. But she kept up with the Wildcat ball games through a neighbor's radio.

The Letcher Eagles' B-team run side by side with the Wildcats. They set Napier aside to complete their eighteenth win. More feathers for our Eagles.

Other birthdays this week were Mrs. Vern Back, Polly Mitchell, little Dale Caudill and his mother Barbara.

On the sick list this week is Mildred Mitchell and Edna Halcomb, who are in the hospital. We do hope they feel better soon.

Mrs. Mabel Collins doesn't feel too good either. She says about the only thing swinging high at her place is that ocean wave quilt that she hasn't been able to finish up. Margaret Bowling, Ellen Fields and Aunt Dub plan to let that quilt down from the ceiling Wednesday and finish it for her.

Jerry Lee Caudill is very happy this week. His Dad was home and brought him a brand new beagle pup.

Cora Brown was home over the week end.

Vernon, Vina Mae, Reta and Michael Blair, along with Mom, Flora, were Sunday evening guests of Sallie Brown. Also Lisha and Glen Dixon, Mabel and Margaret Collins and Dorothy Caudill and Mrs. Jim Caudill were guests.

Phillip Brown was home from Candy Creek College this week. Billy Colen Dixon is home from Lees Junior College at Jackson.

OBITUARIES

Gail Curtis Webb

Gail Curtis Webb was born August 28, 1941. He was graduated from Whitesburg High School the year of 1959.

He entered the Air Force February, 1960, where he served honorably until his death, which was from the result of an automobile accident Dec. 17, 1961, in San Francisco, Calif.

Surviving him are his mother and father, Ethel and Earl Webb of Mayking; three sisters, Mrs. Janice Craft, Geraldine and Earleen Webb, all of Mayking; three brothers, Allan of Louisville, Cleatis Ray and Bert of Mayking.

In addition to the above, he leaves many relatives and a host of friends not only in the Kentucky area but in the Air Force unit in which he served so faithfully.

The following letter was received by the family from the Commanding General of the Beale Air Force Base, California: 18 December, 1961

Dear Mr. and Mrs. Webb:
I was shocked to learn of the untimely and unfortunate automobile accident that resulted in the death of your son, Gail.

I realize that mere expression of sympathy on my part cannot

assuage your grief in this, your hour of deep bereavement. Rest assured that Gail was a popular and capable airman, respected by his superiors and contemporaries alike.

We will share his loss with you, knowing the void that has been created within his immediate family.

It is compensating to know that while he left us prematurely, he was, at the time, performing honorably in the service of his country.

Sincerely,
THOMAS K. McGEHEE
Brigadier General, USAF
Commander

IN MEMORIAM

In memory of our son and brother, A/2c Gail C. Webb:

I cannot say, and I will not say That Gail is dead. He is just away!

With a cheery smile, and a wave of the hand,
He has wandered into an unknown land

And left us dreaming how very fair

It needs must be,
Since he lingers there;
So think of him faring on,
as dear

In the love of there as the love of here.

Think of him still as the same,
I say,
Gail is not dead, he is just away.

Whitesburg

By PAT GISH

Whitesburg women will be seeing more and more of the Jacqueline Kennedy look this spring in fashions, according to buyers just back from New York City.

Nancy Bates reports that the influence of the First Lady is prominent in every phase of fashion. Mrs. Kennedy is known for her simple but chic attire, with very little ornamentation.

Spring suits are mostly in tissue wools, silks or blends of the two and they feature demi-fitted short jackets, with slender or slightly flared skirts. Sleeves are a shorter length, slightly flared at the bottom but not enough to be called belled. Many suits are fur trimmed.

Hemlines remain about the same (that is, just covering the knee) although Nancy says she saw a good many New York models with skirts just above the knee. (For our money, that's one trend New York can keep.)

The color news is in a blue lighter than navy, apricot, and in white, which is seen in spring woollens as well as dresses for hot weather (fine for coal mine country!). And this year patent leather shoes come in a variety of colors--including white--to match your outfit.

There are many silk prints shown for spring, in designs ranging from geometric to abstract. Jewelry styles often feature tassels. Hat and purse silhouettes are not much changed from fall but are interpreted in spring fabrics.

So much for the style news from New York--now for news here at home:

Mrs. Leonard Lewis entertained at her home Monday with a luncheon for her co-workers in the county board of education office. Guests included Mrs. Sanford Adams, Mrs. Myrel Brown, Mrs. Doris Smith, Mrs. Patricia Hall and Mrs. Elmer Collins.

Seven couples attended a progressive supper on Valentine's Day, with the appetizer served at the Ted Cooke's, the salad at the R. C. Days', chicken in the basket at the Ed Moores' and dessert at the Ivan Hall's. The Valentine theme was carried out in decorations and games at each house.

Guests in addition to those who served as hosts and hostesses included Mr. and Mrs. Jack Hammock, Mr. and Mrs. Don Burton, William Henry Richardson and Dana Adams.

Kim Wiley is ill with mumps at the home of her parents, Dr. and Mrs. Andrew Wiley.

Mrs. Forrest Brown has returned from Ft. Myers, Fla., where she was called last week because of the illness of her father, C. D.

TO BE MARRIED--Miss Margaret Rowena Bach's engagement to David Manley Knight, son of Mr. and Mrs. Garland Knight of Indianapolis, Ind., is announced by her parents, Dr. and Mrs. Bert C. Bach of Whitesburg. Miss Bach is a junior at Transylvania College in Lexington and is a member of Delta Delta Delta social sorority. Mr. Knight is a graduate of Transylvania, where he was president of Delta Sigma Phi social fraternity. He is now employed in Frankfort by the State Department of Economic Security. A March wedding is planned.

Kilgore. Mr. and Mrs. Kilgore remained in Florida until warmer weather arrives here.

The intermediate group of the Methodist Youth Fellowship was entertained at a Valentine party Wednesday night in the church basement. Hostesses were Mrs. Cossie Quillen, Miss Elline Sawyer and Mrs. Forrest Brown.

Mrs. Roy Crawford has returned to her home after being a patient at Whitesburg Memorial Hospital.

Miss Harriell Lynn Lucas has been under treatment for a sprained foot received during a fall at school.

Mrs. Andrew Wiley has been ill with flu.

Mrs. Harold Gillespie and Mrs. Forrest Brown were guests of Mrs. Harry M. Caudill Thursday morning.

Young people from the Baptist Church held a Valentine banquet Wednesday night at the home of Mr. and Mrs. Jack Cox.

Dr. and Mrs. B. C. Bach have returned home after visiting their son and daughter.

Ann and Sarah Gish were hostesses for a supper Tuesday night at the home of their parents, Mr. and Mrs. Tom Gish. Guests

included Jan and Julie Owens, Diana Caudill, Maggie Fields, Kim Wiley, Susan and Caron Crawford, Jill Brown, Rebecca and Marian Swisher.

Roy Crawford has been in Washington, D. C., this week.

Mrs. R. Dow Collins is a patient at Whitesburg Memorial Hospital.

The Rachel Adams Circle of the First Baptist Church met at the home of Mrs. Paul Poloskey. Mrs. Arthur Dixon led the program, which concerned migrants and their ways of living. Participating in the discussion were Mrs. Elmer Collins, Mrs. Walter Enlow, Mrs. William Floyd Mercer, Mrs. Jack Cox, Mrs. Ferdinand Moore. Others present were Mrs. Cecil Maggard, Mrs. Mattie Lewis and a new member, Mrs. Estill Banks.

Guests for dinner at the home of Mr. and Mrs. Ellis Morgan Friday night were Mr. and Mrs. Marvin Holbrook, Sen. and Mrs. Archie Craft, Dr. and Mrs. Lee Moore and Mr. and Mrs. Russell Price.

Mr. and Mrs. Enoch Bentley and daughters, Fay, Libbie and Debbie had Sunday dinner with Mrs. Bentley's mother, Mrs. Ellen Yonts, McRoberts. Some of the happiest memories I have is dinner at grandma's.

Mr. Joe Proffitt tells us her nephew, Howard Lawson, is in the veteran's hospital, in Johnson City, Tenn. Mr. Lawson has had surgery for a blood clot on the brain.

The Bill Bakers from Jackson visited his ailing father, Jim Baker, on Right Fork of Millstone, last week. Mr. Baker has been in poor health for some time. The Bakers also visited Mrs. Baker's parents, the L.L. Johnsons.

Mr. and Mrs. Arville Kiser, Dayton, visited Mrs. Buck Kincer of Kona this week end and on the way back they had a car wreck near West Liberty. The car overturned about four times. Both were injured. Arville was released after one day in the hospital. Mrs. Kiser is still hospitalized.

Mr. J.D. Holbrook and Martha Jane Potter were visiting Mrs. Nannie Taylor and Mrs. Stan Coolie in Mayking, Friday.

Sunday Mrs. Potter visited on Cowan with Mrs. Lillian Carsons. Mrs. Carsons helped wait on Mrs. Potter's mother, the late Mrs. Henry Potter, when she was ill. Since Mrs. Potter's retirement, she has been very faithful to visit the sick and shut-ins. She is a good conversationalist and sometimes a cheerful chat is of as much importance to a patient as medicine.

Bethel Benton is back from her trip to New Orleans. One of the things she saw was the oldest cathedral in the world, the St. James Cathedral. She came back by the Gulf Coast via Florida.

A party was given by Mrs. Elmer Collins, Whitaker, at the home of Mrs. L.D. Bentley, Friday night. The Denver Crafts (Juanita Combs) and baby and Mrs. Craft's brother, Burlin Combs, left this week for St. Louis, Mo. to seek employment. We hate to see our children go so far away, especially when they take our grandchildren.

Pfc. Arlin Combs, soldier son of Mrs. Finley Combs, is stationed in Fort Bragg, N.C. His brother, Pfc. Homer L. Combs is in Kaiserlautern, Germany. Homer has been ill and in the hospital for a month but writes his mother that he is out now.

McRoberts PUPS DUBBED

'BULGLES'--FOR VERY OBVIOUS REASONS

By BETTY JONES

There is a new species of dogs at the home of Mr. and Mrs. Troy Jones. They have been dubbed "Bulgles" by members of the family. Thursday night, Mitzel, the small Boston Bulldog, belonging to Mrs. Jones gave birth to three puppies. The father is "Joe" a beagle belonging to Mr. Jones. The puppies have the markings and ears of a beagle with a bulldog nose. One has a long beagle tail--the other two have stubbed tails.

Mr. and Mrs. Jasper Campbell and family, Long Fork; Mr. and Mrs. Tom Wright and family, Jenkins; and Mr. and Mrs. Cecil Howard, Lexington were guests for dinner Sunday in honor of Pfc. Jimmy Campbell, who is on furlough from Mississippi. Jimmy left Mississippi Thursday and went to the home of his sister, Mrs. Cecil Howard in Lexington, who brought him home.

Mr. and Mrs. Bill Baker are at the home of her parents, Mr. and Mrs. Lee Sparks. Mr. Baker is presently laid off from his job in Indiana.

Mrs. Franklin Varson, new resident of Chopping Branch, has literally been working "night and day." The Varsons bought the home formerly owned by Mr. and Mrs. Sam Bentley, now of Millstone.

Miss Sandra Slusher of Seco spent Sunday with Brenda Jones.

A stork shower was given recently at Haymond for the prematurely born son of Mr. and Mrs. Sammie Warf. He has been named Michael Lee and is still in Whitesburg Memorial Hospital. Proud aunt is Mrs. Donnie Manning. This is Lisa's first--first cousin and she is also quite excited anticipating his homecoming. Mrs. Warf is the former Eunice Hall of Deane.
